Chairman's Message

Bismillahir Rahmanir Rahim
Esteemed Ladies and Gentlemen,
Assamu Alaikum Warahmatullahe Wabarakatuhu.

On behalf of the Executive Committee, I welcome you to the 16th Annual General Meeting of Voluntary Activities for Social Advancement Foundation (VASHA Foundation). At the beginning of my speech, I pay my respects to the Father of the nation Bangabandhu Sheikh Mujibur Rahman on the occasion of Mujib's Birthday century and golden jubilee of independence.

I am very happy and feel glory to deliver my speech to the Annual General Meeting of our beloved organization VASHA Foundation. As a not -for-profit organization, Voluntary Activities for Social & Human Advancement (VASHA) Foundation is working for poverty reduction at Chattogram in Bangladesh. It is an organization which has been working for the underprivileged people of the country to make their standard of living advanced.

Being established on the date of 2nd January, 2005 VASHA Foundation is keeping a mentionable contribution in poverty reduction from the locality. This report will provide a transparent and real reflection of the 'last year' activities of this organization.

I would like to congratulate the great hearted, self-sacrificing, educated, active, industrious and kind people; members of GB (General Body), employee, volunteers and all other stakeholders who are sacrificing their talent, labor, money and time for the progress of the country being involved with the organization and above all keeping contribution in implementing the objectives of this organization in spite of all kinds of limitations.

Date: 31-12-2021.

Md. Abu Tayeb Chowdhury
Chairman
VASHA Foundation

Forward

It glorious for me to present the Annual Report of Voluntary Activities for Social & Human Advancement (VASHA) Foundation which is its sixteen years of publication. This report comprises of performance of the organization for the calendar year June 30, 2021.

All of the local people are aware that Voluntary Activities for Social & Human Advancement (VASHA) Foundation, as a non-government and not-for-profit organization, is contributing significantly to the poverty removal and making the poor people well to do. The main aim and objective of the association is to ensure a solvent and happy life for the poor people. For this purpose, the society is carrying on a well-recognized program 'Micro Credit'. This project is keeping an effective contribution for poverty reduction. It may be mentioned that VASHA Foundation is continuing another important project named 'Training for Skill Development (TSD) Project'. The program is availing skill to the unskilled, unemployment young people specially woman.

I am very happy to inform that we have 2175 numbers of active benevolent members and 25,600 numbers of accumulated benevolent members. On the other hand, we have 2085 numbers of active benevolent members and 20,501 numbers of accumulated benevolent members who has taken loan from our microcredit program. We have distributed accumulated 40, 51, 81,000.00 taka and present outstanding is 5, 28, 27,436.00 taka. We have given training 660 numbers of beneficiary women under our TSD (Training for Skill development) program and the program is still being continued.

Whatever we have achieved, the officials and staff of the foundation, who always worked hard ungrudgingly, deserve credit for this achievement. I would like to put on record my sincere appreciation for them, including Mr. Md. Abu Tayeb Chowdhury, under whose leadership this report has been made possible. Lastly, the guidance and support consistently given by the Advisory Committee members and General Body members helped us in no uncertain manner in the decision making process of the society for which we are grateful to them.

Date: 31-12-2021

Brief History of the Organization

Bangladesh is a developing country with over population. Poverty is a common aspect of this country. The country has mostly agriculture and labor depended people. The present situation of the country is manipulated with hungry, poverty, over population, illiteracy and corruption. Although the country has agriculture and labor depended economy, the living condition of cultivators and laborer and also the relative sectors of agriculture and labor are very delicate.

On the other hand, it is seen that though a portion of urban dwellers has got opportunity for improving their financial condition, most of the people of both urban and rural are not able to get that opportunity. There are many development activities initiated and run by the government and many other non-government organizations targeting the underprivileged people. These activities are not sufficient for effective change of their situation. On the contrary, it is not possible to change this condition effectively only by the government alone. All of us have to take effectual actions for this purpose.

Considering this reality, some self-scarifying, educated, active, industrious and benevolent individuals has established the charitable organization ‘Voluntary Activities for Social & Human Advancement Foundation (VASHA Foundation)’ with the active initiative by Engineer Priatos Nandi, an eminent social worker at the Second January Two Thousand Five (02/01/05).

Identifying the fundamental reasons of poverty as well as the way of removing miseries of the poor and ultra poor people of the country, VASHA Foundation is carrying it’s activities above and beyond other same types of government and non-government organizations,

The organization believes that no plan-program will give effective result without true participation of underprivileged people directly or indirectly. So we want to organize and include them in running programs that are directly participatory of this group of people.

As mentioned earlier, VASHA Foundation was established at the date of Second January Two Thousand Five; afterwards it got legal status by getting registration under the Registrar of Joint Stock Companies & Firms. It got registration from the Ministry of Youth & Sports on 31st January, 2010. Bangladesh Microcredit Regulatory Authority certified VASHA Foundation as a Microfinance Institute (MFI) on 7th October, 2012.

In recent times, as a development partner Non-Government Organization, VASHA Foundation is carrying various development actions like capacity building training, rescue and relief activities, awareness activities, free medical campaign, microfinance program, non-formal education, and Covid-19 response and relief services. Some actions are waiting for implementation.

Vision

Poverty alleviation and sustainable development and thus building up a prosperous and happy Bangladesh.

Mission

To achieve sustainable development by conducting appropriate developmental and economic activities with the aim of building a prosperous and happy Bangladesh.

Nature

It is a non-profitable, non-political, non-government, voluntary and charitable organization established for providing services irrespective of religion, cast and creed within and outside Bangladesh combating with and prioritizing the need of the time.

Corona Incentive Loan

The Jubilee Road Branch of Bangladesh Commerce Bank Limited has funded the “Voluntary Activities for Social & Human Advancement Foundation (VASHA Foundation)” under the Corona incentive announced by the Honorable Prime Minister of the Government of the People’s Republic of Bangladesh.

With the support of Bangladesh Bank, Bangladesh Commerce Bank Limited has provided this funding for the distribution of micro-credit among low-income professionals, farmers and marginal / small traders affected by the Novel Corona virus. A Memorandum of Understanding (MoU) was signed between Bangladesh Commerce Bank Limited and VASHA Foundation on December 12, 2020. Later, Bangladesh Commerce Bank Limited officially handed over the grant and check to the VASHA Foundation.

A Bangladesh Bank circular said, “Economic activities in Bangladesh are being hampered due to the outbreak of Novel Corona Virus (Covid-19). As a result, the country’s low-income professionals, farmers and marginal / small traders are not able to conduct their income generating activities. The contribution of the country’s low income professionals, farmers and marginal / small businesses to the rural economy is undeniable. A scheme has been formulated by Bangladesh Bank to ensure the economic activities of the marginalized people affected by the corona virus and ensure inclusive development

through financial inclusion activities. Bangladesh Commerce Bank Limited has financed to VASHA Foundation under this scheme to distribute microcredit among the country's low-income professionals, farmers and marginal / small traders. The loan has been distributed by VASHA Foundation in the 6 police stations and upazila areas of Chattogram district.

Covid-19 Response

Covid-19 Corona virus infection took a deadly shape in the world. All of us know that this epidemic disease was first identified in December 2019 in Wuhan, the capital of China's Hubei province. Most of the country of the world went under lockdown less or more. We, the human race were passing through the toughest time due to the corona virus pandemic. People from every corner of the world were suffering severely. Due to maintain social distancing, countries of all over the world applied this lockdown. Our Bangladesh was also not in exception.

As Bangladesh is a developing country, most of the people cannot afford the luxury of staying at their places without doing their jobs. For them, no work results no money and consequently no food. They completely live on hand to mouth. If they have no work, then they have no afford to buy food. Most of the under privileged people such as farmers, day laborers, garment workers, construction workers, rickshaw pullers, transport workers and so on were deeply victim of lockdown situation. The longer this lockdown period was continuing, the more people were getting affected. Besides the poor, lower middle class and middle class people were also suffering less or more.

Government took various admirable and estimable steps to ensure supplies of their daily needs. But only government's alone action was not enough in this terrible situation . Everyone should had extend a helping hand from their respective positions. Considering this reality of the present situation, 'Voluntary Activities for Social & Human Advancement (VASHA) foundation' conducted a relief program to stick up for the needy people. As a Non-Government and Not-for-profit organization, VASHA Foundation

distributed food packs containing rice, lentils, oil, potatoes, flour, soap and onions as gift to the poor and lockdown affected families which generally live on hand to mouth.

The field workers and volunteers of VASHA Foundation went to the doors of its beneficiaries. They distributed awareness leaflets among the people. The activist explained the inhabitants how to save themselves from infection with Covid-19 Corona virus. They performed this campaign in the greater Chattogram district.

- 17) Total number of active field is 82 till 30th June, 2021 where regular weekly meeting and other activities are going on.
- 18) In a hard competitive world like today's, it is very essential that both male and female of families have to come forward in the income generating way in order to bring the life well to do and the major weapon of income is training. An efficient person can appoint himself in earning anywhere in the world. It is essential to

make the underprivileged people trained and skilled to make the financially solvent. Understanding this reality VASHA Foundation designed and initiated a program named ‘TSD (Training for Skill Development)’. The organization has design this project to train 9600 underprivileged women and 9600 unemployed youth successively. Although it is very difficult to fulfill the target because financial lagging yet we hope that the organization will prove it successful by the technical and financial aid of the members, government and nongovernmental, donor individuals and agencies of home and abroad.

 1. Sitakunda
 2. Kumira
 3. Nojumiahat
 4. Bondor.
- 25) VASHA Foundation conducted campaign on Covid-19 Corona Virus infection awareness.
- 26) Corona Incentive Loan was distributed during the year. With the support of Bangladesh Bank, Bangladesh Commerce Bank Limited has provided this funding for the distribution of micro-credit among low-income professionals, farmers and marginal / small traders affected by the Novel Corona virus.
- 27) Poverty is one of the biggest challenges to the development of a developing country like Bangladesh, where a major population is living in rural and semi-urban areas. Poverty leads to hunger, malnutrition, illiteracy and social misdeeds. The Main reason is lack of ample employment opportunities here. The scheme of Micro-Credit has been found as an effective instrument for helped poor by providing them self-employment and making them credit worthy. VASHA Foundation is motivating alleviation poverty and sustainable development focused on microfinance in the city of Chattogram. We believe that the Organization will spread out its activities in other parts of Bangladesh in the near future.

Future Plan

1) Being small country Bangladesh has very limited land area. Her population is too large with respect to land area. The density of population but not land area and employment opportunity is being increased. On the other hand, poverty is being increased. The people from villages are gathering to the towns seeking employment opportunity. Slums are being built in the town. The slums are very much dirty and unhealthy. As a result, germs and diseases are attacking the slum-dwellers.

In this circumstance, in order to reduce the untold sufferings of the slum-dwellers, the following actions will be initiated in emergency basis.

1. Health Treatment.
2. Informal education.
3. Education and Training.
4. Micro-loan distribution for self-dependency and self-employment.
5. Ultra Poor Microcredit (Hotodoridra Khudrorin)

2) As people are gathering to the towns and cities from the villages, number and volume of the slums are being increased. The density of people in these slums is so large that there are no minimum facilities of life.

Various criminal activities are being occurred centering these slums. The men, women, child, youth are being engaged in social crime and corruption. Thus these crises cannot be solved if people gather to the cities in such a rate. So, it is very essential to create various opportunities like employment, social security, financial security so that the village-dwellers leave the tendency of gathering to the cities or towns. For this purpose the non-government organizations should take effective initiative beside the government. Considering this circumstance we also should take programs for spreading out our activities in the rural areas more. VASHA Foundation has taken initiative to spread out Rural Microcredit (Polli Khudra Rin) Program in the rural areas.

3) Now a day, drug addiction is a great problem for Bangladesh. It has been a figure of epidemic. It's effect is more serious than life-hunting diseases cancer. A drug-addicted person is a great burden for the family, society, state and even the world. A drug-addicted person does not hesitate even for a moment while he goes to do any kind of crime. So, it is very essential to find out the reason of the drug-addiction and prevent this crisis in emergency basis. Besides, the drug-addicted patient should be rehabilitated in the usual life. For this reason, we will take activities for the drug-addicted people and against the drug.

4) Many child/youth worker are engaged in various risky jobs. It is essential to start activities for growing up skill of this child/youth workers. We have to offer them informal, technical and vocational education. So VASHA Foundation is going to take program for building up their skill and offer that informal education.

- 5) The community of Fisherman is one of the retreated classes of our country. The organization is now providing voluntary services to this community of the locality. The women of the community are fully workless. On the other hand, men of the community go to sea and catch fish. But fishing is a seasonal profession. Fishing seasons remains only for six months in a year. They are workless in the next six months. During this period they have no income. Taking this advantage, the merchants provide them loan in high interest rate. And even, the merchants buy their advance Labor with less payment. Thus the luck of the fisherman community remains unchanged and cheated. To change their condition substitute employment opportunity should be created for the idle six months. Research should be done about this matter. Besides, income opportunity has to be created for the women. VASHA Foundation will initiate activities for this purpose with respect to our ability and fund availability from home and abroad donor.
- 6) For creating income-generating purpose following steps will be taken considering the environment and situation.
- Small industry establishment.
 - Technical institute establishment.
 - Vocational school establishment.
 - Trade course opportunity.
 - Kinder Garden school establishment.
- 7) It is not possible to remove poverty from the country without taking special project considering the real fact and situation of the retreated community. According to our survey and experiment, financial poverty is not the main and only problem of this community. They have more problems that are more fatal than the poverty. Some such types of problems are:
- Caste-division systems.
 - Dignity crisis.
 - Gender issue.
 - Unemployment.
 - Land-occupation by violence.
 - Lack of security in family and society.
 - English medium school for conducting 'O' and 'A' level education.

For solving these problems VASHA Foundation will take action program.

- 8) There are some communities in the remote areas and even in the town and outskirts of town like fisherman, barber, potter, blacksmiths, Horizon, Shaontal (Tribe), Sweeper, Bade (Tribe), Shing (Tribe), Manta (Tribe), Marma (Tribe), Chakma (Tribe), Sex- worker, etc. to whom social retreatment is greater problem than financial poverty.

These communities are retreated socially lamentably. The organization has to initiate activities related to awareness about the above problems. Besides, it is essential to conduct capacity buildings, and solvency creating activities among these communities.

- 9) In order to enlarge the volume of micro-credit activities, the organization will apply for loan and donation to donor individuals, donor agencies both governmental and non-governmental for technical and financial support.
